boopsie for... Libraries

THE BENEFITS OF USING A BOOPSIE APP TO MOBILIZE YOUR LIBRARIES

	Catalog Search	Provide real-time, easy-to-search access to your collections.
	ILS Integration	Activate My Account features, including the ability to place holds and manage renewals.
	Database, Content and Platform Integration	Integrate existing third-party services, such as Tutor.com, EBSCO, Gale Cengage Learning, and more, to increase access and usage.
	eBooks & AudioBooks	Offer single-click access to titles from 3M™ Cloud Library, OverDrive, Recorded Books/OneClickdigital and Axis 360.
	Calendar & Events	Display upcoming events, activities, classes, computer lab schedules and more.
	BookCheck™	Allow patrons to instantly check out a book, DVD or CD from anywhere within your library using their mobile devices as a self-checkout terminal.
	Ask a Librarian	Based on your reference desk preferences, provide single-click access to reference services via phone, email or your existing texting service.
	Multilingual Support	Translate key information into a variety of languages to create multiple versions of your app that are easily navigable within your app's menu.
	BookLook™ Mobile	Let patrons enter or scan ISBN barcodes of books they find in bookstores, or even at a friend's house, to see if they're available at your library.
	Book Reviews & Recommendations	Provide single-click access to publisher reviews from sites such as GoodReads, Bookletters, ContentCafe, CoverCake and more.
	Reading Lists/ Course Directories	Share groups of resources such as bestsellers, course directories, new releases, staff favorites and more.

BOOPSIE STAR PARTNERS FOR PUBLIC LIBRARIES

OverDrive	**OverDrive**	OverDrive is a digital library that allows patrons 24/7 online access to a digital collection of eBooks, AudioBooks, music, and video.
3M	**Reading Lists/ Course Directories**	3M Cloud Library has partnered with major publishers to offer a simplified eBook lending experience for libraries and their patrons. Patrons can use personal accounts to access eBooks across all of their devices, and take advantage of a bookmark feature so they don't lose their position as they move from one device to the next.
OneClickdigital	**OneClickdigital (Recorded Books)**	OneClickdigital (by Recorded Books) offers the largest collection of digital AudioBooks, including exclusive content from Recorded Books, as well as titles from all major publishers.
zinio™	**Zinio**	Zinio offers the largest selection of digital magazine content in the world. They work directly with publishers to aggregate and curate the magazine content so that you can make it available to your patrons and students through your library.
axis360 digital media library by Baker & Taylor	**Axis 360**	Axis 360 Digital Media Library by Baker and Taylor offers libraries a system for circulating eBooks and AudioBooks across the web and mobile devices. eBooks can be downloaded in a variety of different formats to be consumed on PCs, eReaders, and mobile devices.
Evanced XXXXX	**Evanced Solutions**	Evanced Solutions provides simple tools, designed and developed with librarians, to help manage event planning, including event/program management and registration, meeting room booking, summer reading management, and staff scheduling.

RedLaser	RedLaser	RedLaser offers libraries a barcode scanning application for use with scanning patron cards and book barcodes.
EBSCO	EBSCO	EBSCO provides a complete and optimized research platform, comprised of research databases, eBooks and eJournals, as well as a discovery layer for indexing and distribution of all this information.
GALE CENGAGE Learning	Gale CENGAGE Learning	Gale, part of Cengage Learning, provides e-research and educational publishing for libraries, schools and businesses. Best known for their full-text magazine and newspaper articles, Gale publishes learning resources in a variety of formats including web portals, digital archives, print and eBooks.
CONTENTdm®	CONTENTdm	CONTENTdm® makes everything in your digital collections available to everyone, everywhere. No matter the format — local history archives, newspapers, books, maps, slide libraries or audio/video — CONTENTdm can handle the storage, management and delivery of your collections to users across the Web.
NoveList	NoveList Plus	NoveList Plus is a database of reading recommendations that includes expert recommendations, book reviews, and reading lists. NoveList Plus makes it simple and easy to pull together reading lists and reading recommendations that meet Common Core standards.
goodreads	GoodReads	GoodReads is the largest socially-driven catalog of book reviews and reading recommendations. Allow patrons and students to freely search user-populated databases of books, annotations, and reviews to gain insightful recommendations for new titles to explore.
BookLetters	BookLetters	BookLetters offers a variety of marketing tools, including widgets, newsletters, book lists, and events to help librarians maximize engagement with their community. The platform allows multiple users to easily create and share custom content directly with library patrons.
Wowbrary	Wowbrary	Wowbrary powers free email alerts that showcase the library's newest items each week, including bestsellers, movies, music, eBooks, AudioBooks, children's titles, and any other content purchased by the library.
mango languages	Mango Languages	Mango Languages provides access to over 50 foreign language courses and 14 English courses taught in the user's native language. There's no limit to the number of patrons who can access Mango at one time, and the system is accessible 24/7.
TRUMBA GET THE WORD OUT	Trumba	Trumba provides calendar publishing technology that helps libraries more effectively publish, promote, and communicate their events online. The platform includes social media integration to maximize reach and effectiveness in promoting new events.
